

**DRAFTER'S NOTE**  
**FROM THE**

September 20, 2013

This redraft contains changes based on some of the comments I received for purposes of redrafting, including the following:

1. The use of helmets. See s. 23.335 (8).
2. Changing “highway” to “roadway” in s. 23.335 (13) (a).
3. Changes in s. 23.335 (6) to make it clear that this trail pass is different from the ATV and UTV trail pass.
4. Changes in the definition of “owner” in s. 23.335 (1) (zd). Title in an OHM is different than the certificate of registration or certificate of title issued for the OHM. I, however, added language to track s. 23.33 (1) (j) to cover the scenario where title may be held by a bank or other third party creditor.

Please review the entire draft carefully and let me know if you have any questions or changes.
